

Dear Parent/Carer,

"I have a dream"- the subject of many quotes, songs and political speeches over the years, often in aspiration of unity, equality and love. Having a dream was something my late father instilled into me as I was growing up and Little Adventurers Nursery is the fruition of a 10 year dream for me.

I grew up in a large, close family and the values and experience of my childhood have given me a vision and passion to create a nursery setting that offers the highest quality care for your child. I wanted to build something where future generations of children will learn and grow through every step of young childhood to reach their own potential and have their own dreams. Above all else it is important to me that Little Adventurers leaves a legacy of kindness and a love of learning in the lives of each young child who becomes part of our "family". My mum also embedded in me and my siblings that we could be anything we wanted to be with hard work and dedication, a belief that has certainly stayed with me over the years.

It would not be fair to say that I have made this journey alone- a number of people have helped to make this dream a reality and our nursery manager Ginny, not only shares my philosophy but has been a fundamental part in its development. Ginny's experience and enthusiasm for seeing the world through the eyes of the very young gives her a quality that I know parents will appreciate and endear to.

I look forward to welcoming you and your child into our setting. As a family run nursery, our team would love to hear your thoughts and feedback so please email me on info@littleadventurersnursery.co.uk. I hope your child has a happy and exciting adventure with us.

With warm wishes,

Lee

Nursery Director

24 Severn Drive, Upminster, Essex, RM14 1SW
